There's an old story that says you can't kill a frog by dropping him in boiling water. He reacts so quickly to the sudden heat that he jumps out before he's hurt. But if you put him in cold water and then warm it up gradually, he never decides to jump tii it's too late. By then he's cooked.

— CT —

Men are just as foolish. Take away their freedom overnight, and you've got a violent revolution. But steal it from them gradually (under the guise of "security," "peace" or "progress") and you can paralyze an entire generation .

— CT —

Look at the income tax. It started out at a harmless sounding one per cent. It would have been easy to jump out of water as tepid as this, but like the frog, we waited while it climbed ever higher. (Try jumping now).

— CT —

Worst of all, we never learn. Even today we can not believe that Medicare is the same warm water that will one day boil us in Socialized Medicine. We see no connection between farm price supports and Nationalized Agriculture. And if we draw a parallel between subsidized teachers' pay and federal control of education, we are called "extremists."

— CT —

The tragedies of history are always repeated by those who refuse to learn them. To seek guidance from the past is not "turning the clock back" as we are so often told. It is merely a good way to keep out of hot water. I hope I have made my point clear.

— CT —

Now at this time of the year we feel that we must define the word Conscience . . . Conscience is that small inner voice which tells us that this year may be the year the Internal Revenue Service might check our return.

— CT —

Now a little story about Reverence . . . The high society lady was entertaining her bridge club one afternoon when the pattering of tiny feet was heard on the stairs. She raised her hand to the other ladies asking for silence. "Hush," she said softly. "The children have come to deliver their afternoon goodnight message. It always gives me such a feeling of reverence to hear them . . . "Listen." There was a moment of silence, then shyly came a small voice from the hall way: "Mama, Willie found a bedbug."

— CT —

Having spent most of this month searching for legal deductions, issuing W-2 forms, paying employer's contributions, and preparing the income tax forms, and some ten other government forms, has left me little time for my own business, but I guess we are all in the same boat, and some of us without paddles.

— CT —

Maybe this next year we should join the new organization MOOB, since we already are full fleged members of the BOOB bunch, now comes the Mind Our Own Business bunch. This may prove to be an interesting group.

— CT —

The tremendous debates by opposition and proponent in a great many City matters of late brings to mind a portion of an article written by John Stuart Hill "On Liberty," and we will set it down here and call it "Three arguments in behalf of 'taking counsel'."

— CT —

First, and most obvious, one's conclusions may be wrong, in which case presentation of the opposing view should lead to the correct conclusions.

Second, any given individual's views on a matter generally contain only a portion of the truth; the more views considered, the more likely it is the whole

CITY DENIES DAMAGE IN CLAIM FOR $200,000 SUIT

At the regular meeting of the City Council late in the year 1976 City Administrator presented the Council with a claim for damages received from Hahn and Hahn, Attornies. It has now reached the point of a Summons for Appearance in Superior Court of a Notice of Suit in behalf of Jill Ann Hall.

The Summons gave 30 days for the City of Sierra Madre, David Banis and "Does" to defend themselves in the lawsuit or default will be entered against them.

The amount of the Claim was $100,000 and the reasons listed was "that on or about August 11, 1976, in the vicinity of the Sierra Madre Recrettion Center, 621 East Sierra Madre Boulevard, defendants, and each of them recklessly permitted a drinking glass of caustic soda to be placed by a drinking fountain, resulting in Plaintiff's son, Daniel James Hall, ingesting said caustic soda."

And further alleges that, "a proximate result of the negligence of defendants and each of them, Plaintiff's son was caused to suffer severe and permanent personal injuries, shock and mental pain, which made Plaintiff's son sick, sore, lame and permanently disabled."

And further the document alleges, "As a proximate result of said injuries, Plaintiff's son has been since the date of the accident, and now is, under the care of his dotors and undergoing medial and hospitalization treatment and has been caused to suffer permanent injuries."

The second part of the document stated "That because of the negligent, careless and reckless conduct of Defendants, and each of them, and as a proximate result thereof, Plaintiff sustained great physical and emotional injuries, including but not limited to a severe thyroid condition, all of which has caused and continues to cause great physical and mental pain and suffering, all to her damage in excess of the sum of $100,000."

Having reviewed the Claim the Council had denied the payment thereof and referred the matter to the Insurance Carrier for the City of Sierra Madre, they being the Great American Insurance Company.

City Council Complets Its Agenda With Long Session

The regular meeting of the City Council was called to order by Mayor David May, with a request from him that Councilman Gary Adams deliver the Pledge of Allegiance to the Flag and the invocation, after which roll call, approval of the minutes of the previous meeting and approval of the agenda were accomplished.

Having no presenattions to present, nor none to received Mayor May called upon members of the audience, who had input for the Council, to make their presentation or if they so desired they could present them at the end of the meting. After accomplishing this part of tht agenda the Mayor then moved to Administrative reports and City Council Action items.

The Public Hearing for the Urban County Housing and Community Development Program, it being the second called Hearing, was opened by Mayor May. Staff had prepared a list of development projects for funding consideration to be done with the anticipated $95,000 from the County, should it be received. Discussion was held on several of the projects, with some concern voiced on some of the listings. Council approved of the list and ordered it filed for future references, if and when the funds are available.

The continuation of the Public Hearing for the Proposed City Bikeway Plan was opened. This plan was presented on December 14 with several recommended changes being made by interested parties. After additional comments the Public Hearing was closed and the staff directed to submit the Bikeway Plan and Environmental Impact Report for approval at the next regular meeting of the City Council to be held on February 8, 1977.

The Council was then presented with the request from the Sierra Made Police Associration, for recognition as required by the City Municipal Code. The request was for Official recognition from February 1, 1977 to and including January 30, 1978. The City Council officially gave recognition to the Police Association.

A request received from the Boys Republic for permission to collect pods and cones from City-owned property and streets was received and permission was granted.

A formal request was presented to the Council for funds from the Los Angeles County Aid to Cities in the amount of $17,068, it being in the form of Resolution No. 77-4, the funds when received will be allocated to the maintenance of select system streets. The Resolution by motion and second was so adopted.

A request from the estate of Mrs. Leila Roberts for a time extension of 180 days to effect a sewer connection at 48 East Sierra Madre Boulevard was so granted.

Having completed the Agenda with items above listed and others to be found on this page, the Mayor then called for Community Communications, then for any input from the City Attorney, City Administrator and then from each member of the City Council and then called for adjournment. Motion and second was received and approved.

Volunteers For Nature Program

For the fifth year the Sierra Madre Environmental Action Council in conjunction with the Los Angeles County Nature Centers is sponsoring the Nature Awareness Program for third graders in the Sierra Madre area.

The council says, "We are fortunate to have Mel Thompson from the Whittier Narrows Nature Center as the instructor for the volunteers and also as coordinator in the field.

"Volunteers are the essential part of the program, for without their help there would be no program for the children. The training sessions for the volunteers commence March 1st at McCurdy Nature Center in Altadena. The other training sessions take place March 3, 8, 10, 15 and 17th. Volunteers learn mainly by observing in the field at Bailey Canyon Park in Sierra Madre where the actual field trips take place. Much emphasis is placed on the balance and cycle of nature and the need for cooperation with the elements. The field trips begin March 22 and continue through May.

"Each third grade class goes on two field trips. They

City Billings Paid By Council

Councilman Gary Adams having received the Warrant Register prior to the regular meeting of the City Council called for January 25, had this to report to his fellow Councilmen:

"I have checked the Warrant Register with the billings and find that all items are either budgeted items or those approved by the Council as a whole. I have found that all billings have been properly discounted, and I hereby make the motion that Resolution No. 77-5 in the amount of $73,071.40 be approved as presented." The motion received a second, and was approved and the Resolution was adopted.

The finance officer was instructed to prepare the necessary warrants, have them signed by the City Administrator, the Mayor and the City Treasurer and have them dispatched to the various creditors.

Damage Claim Against City

City Administrator David Lund presented the City Council with a claim for damages at the regular meeting of the City Council held on Tuesday, Jan. 25.

The claim was presented against the city by Mrs. Dorothy J. Clough, of 325 N. Baldwin Avenue. She maintained in her claim that sprinklers in Memorial Park had holes dug out around them and that she fell into one of the sprinkler holes and sprained her ankle, and that she was treated at Arcadia Methodist Emergency Room after being serviced by the Fire Department Emergency Medical Team. The amount of the claim was for $118.40.

The Council denied the claim and referred the matter over to their insurance carrier for disposition.

For Art Fair May 21 - 22

At the regular meeting of the City Council held on Tuesday evening, January 25 an application was presented by the City Administrator, as he received it from the Friends of the Sierra Made Library, it having been prepared by Patricia Hofer as a request for the Annual Art Fair.

The application requested permission to hold the Sierra Made Annual Art Fair in Memorial Park on May 21 and 22. Also with the request was the request for a Temporary Use Permit, required by the City Council.

Having reviewed the application the City Council granted both the permission for the affair and a Temporary Use Permit, for the dates requested.

Commissioner Resigns Position

Having moved from the City, Joseph Ryan, notified the City of his desire to resign from the Parks and Recreation Commission as of January 17, 1977.

Having had high hopes of the development of a Soccer Field for Sierra Made, Mr. Ryan was very regretful that he could not continue to serve.

The Council, with regrets, accepted the resignation.

As per a letter from President-elect Don Jackson of the Sierra Madre Chamber of Commerce, City Administrator presented the City Council at its regular meeting of Tuesday, January 25, with a request for the holding of an Arts and Crafts Exhibit in Memorial Park on February 12 and 13. The letter also requested a Temporary Use Permit.

After discussion and review of the affair, the City Council granted both permission and the Use Permit for the dates specified between th hours of 9 a.m. and 4 p.m.

Historical Society To Show Film

A motion picture film of San Francisco one year before the 1906 Earthquake will be the program of the monthly business meeting of the Sierra Madre Historical Society. The public is invited to attend at Essick House, 50 W. Sierra Madre Blvd., Monday evening, February 7, 7:30.

Mr. George Murton, Jr., will present the interesting film. Twenty year Sierra Madre residents, Mr. and Mrs. Murton are formerly from San Francisco and the film has been in the Murton family for many years.

The motion picture was filmed from the front of a cable car going down Market Street from 8th to Ferry. It shows scenes of daily activity, the many modes of transportation of the day such as streetcars, the cable cars, horse drawn cars, dories, steam automobiles, bikes and pedestrians. The 12 minute film captures San Francisco as it looked before its destruction by the great fire as a result of the earthquake.

Marjorie Peterson, Society president, will conduct the brief business meeting which are held monthly at Essick House on the first Monday of the month. Mrs. Peterson extends a cordial invitation to all to attend these meetings.

The Society's publication, "Sierra Vistas," a pictorial history of Sierra Madre continues to be on sale at the Foothill Coin Center, 47 W. Sierra Madre Blvd. This second edition, with an attractive laminated cover is priced at $7.76.

Spring Election Registration Open

Votet registration in Los Angeles County is now just a phone call away — 24-hours a day.

Under a new county program set to start immediately, persons who need to register or reregister can request registation - by - mail foms by dialing 974-6711 24-hours a day, 7 days a week.

During the hours of 8 a.m. to 5 p.m. on weekdays, telephone operators will take the registration-by-mail requests, as they have done since the new registration system stared last August.

From 5 p.m. to 8 a.m., weekdays, and 24-hours a day on weekends, a special telephone message recording device will be in operation.

"All a person has to do to request a registration-by-mail form after regular business hours is to call 974-6711 and state his or her name and complete address. Each weekday morning the telephone message recording tape will be transcribed, and registration-by-mail forms sent to everyone requesting them," said Registrar - Recorder Leonard Panish.

Recreation Funds Given Allocation

Members of the Parks and Recreation Commission, having spent considerable amount of time viewing the recommendation to the City the level of services provided to the community, gave recommendation to the City Council at their regular meeting of Tuesday, January 25, that a portion of the $5,600 received from the appropriation of Public Works Employment Act, Title 11 Funds be used and allocated to the Rcreation Department Salary Account to provide additional activities in the department in planning, coordination and supervision, this amount being $3,600.

A further request was made that the balance of $2,060 be allocated to the Recreation Department's Printing and Postage Account for the preparation and distribution of two additional Community Newsletters, each issue costing about $1,250 expense for 5,000 bulletins.

The City Council approved of the transfer and allocation of the funds.

CRA Holds Short Meet

The Sierra Madre Redevelopment Agency, now in the throws of building the new proposed City Hall, met in regular session at the hour of 7:15, Tuesday, January 25, with Board Chairman May calling the meeting to order.

Having approved of the minutes of the previous meeting they turned to progressive issues facing their prepaations for the coming event.

The Agency directed the Executive Director, David Lund, to cause to be prepared an initial study as to whether a subsequent Environmental Impact Report on the City Hall Facilities is required prior to the sale of the Lease Revenue Bonds, a report being made at the earliest possible time.

CRA-64 being the list of demands was presented by Board Member Gary Adams in the amount of $86.10 for office supplies and by motion and second was approved.

New City Ordinance Given Reading By Title Only

Two new Ordinance were presented to the City Council at its regular meeting of Tuesday, January 25, both of which alluded to the leasing of the new proposed City Hall between the City of Sierra Madre and the Sierra Madre Redevlopment Agency.

Odinance No. 947 is for the amending of a certain lease between the Public Safety Facilities Lease dated August 1, 1975 to permit the sublease of a portion of the Site by the City to the Agency, for the purpose of construction of certain city hall facilities that will not impair or impede the operation of the public safety facilities and that such will not reduce the fair rental value of the leased premises.

Ordinance No. 948 alludes to the leasing of the proposed City Hall to the City of Sierra Madre. The Ordinance states that the Agency proposes to construct certain City Hall facilities and is proposing to lease certain facilities to the City of Sierra Madre. The Ordinance calls for the examination of the lease, if desired, it being available and on file with the City Clerk of the City at 55 West Sierra Madre Blvd. during the regular office hours.

Although at the first reading the amount of money involved is blank, it has been reported to be in the vicinity of $54,000 per annum.

The Ordinances will receive their second reading and a call for adoption will be made, if they are adopted they become law on the books of the City on March 8, 1977.

Insufficient Rainfall May Have Impact

Supervisor Schabarum says that while Southern California apparently is assured of an adequate water supply this summer, other parts of the state face near-drought conditions and immediate conservation steps must be taken.

He has asked for a full report from the County Engineer and the Chief Engineer of the Flood Control District on the County's prospects for similar water supply crises over the next few years.

Reports from state sources indicate expectations of less than 80 per cent of normal rainfall this year, says Schabarum, with the State Department of Water Resources unable to deliver full water entitlement under agreements with various water contracting agencies.

"However," he adds, "the managers of the Metropolitan Water District and the Los Angeles City Department of Water and Power do not forecast any water shortage for Southern California because of the availability of imported water supplies from several sources."

Nevertheless, says Schabarum in view of the state, wide problem it would be in the best interest of everywater as much as possible.

The report he has requested from county agencies, says Schabarum, may substantiate the need for immediate conservation practices to head off and perhaps help the situation facing other parts of California.

Jos. Tesoro Laid To Rest Wed., Jan 26

Recitation of the Rosary was held at 7:30 p.m. Tuesday at Utter-McKinleq Arcadia Chapter, with Mass of Christian Burial on Wednesday at the hour of 9 a.m. in St. Rita Church in Sierra Madre.

Joseph, age 52, was born in Chicago, Illinois, and had resided in Sierra Madre for the past 27 years. He was a locksmith by trade, and owner of the Tesoro Lock and Key Company.

Joseph was an ardent supporter of the Sierra Madre Medical Program, often proclaiming that all of our EMT's should strive to become Paramedics. He was looking forward with great anticipation to the date of February 10 when his brother Sam will receive the Citizen of the Year Award for his untiring work in heading the Fund Drive for the purchase of a new Medical Unit for the Sierra Madre Fire Depatment.

In parting this life he leaves his wife Josephine of the home address of 480 West Montecito, also one daughter Elena of the home address and three sons, Joseph Jr., of the State of Colorado, Anthony of Pla del Ray and Salvator of Sierra Madre; also one sister, Teresa Piscitello of Sierra Madre and one brother Sam F. Tesoro of Sierra Madre, and his mother Elena Tesoro 411 West Sierra Madre Boulevard, also one grandchild.

Rev. Father Gara officiated at the St. Rita Church, with interment at Resurrection Cemetery in Monterey Park. It is the sincere wish of the family, as it was of Joseph, that any memorial to be made, they earnestly request that they be made to the Sierra Madre Volunteer Fire Department's Medical Fund.

State Demand Without Cash Out of Question Says Hahn

State government is paying the county $1.8 million to do a fire proteition job that is costing property taxpayers $15.1 million and at tht same time the state is asking the county to pay the bulk of the cost for air pollution control.

Supervisor Kenneth Hahn believes legal action must be taken.

"It is wrong for the state legislature and governor to set a policy and pass a law requiring county government to provide a public service and then fail to give the county the funds to do the job.

"There are dozens of exaamples where property taxpayers are being forced to pay for programs mandated by the state," Hahn said.

One big example is fire protection for 640,210 acres in Los Angeles County which are designated as state-interest lands and comprise 72 per cent of all watershed areas protected by the County Fire Chief.

Section 3132 of the Public Resources Code says the state must reimburse the county.

Yet the state only pays $1,777,747 of the $15,110,000 cost.

Another example pending is the Southern California Air Pollution Control District, an agency created by the State Legislature.

Los Angeles County property taxpayers are being asked to pay $2 million to finance the district for the remainder of this fiscal year which ends June 30.

The Board of Supervisors has refused to pay, saying the state should pay the cost from its giant surplus fund.

Debate on the issue is going on in the legislature and in the courts where the State Attorney General is suing the county for the funds.

"The County Fire Department, financed by property ttxpayers, has paid the cost of fire protection since at elast 1912 for state-interest lands.

"The Board of Supervisors should take some type of legal action through the county counsel to relieve the property taxpayers of these costs," Hahn said.

He believes major reductions in property taxes would take place if the state would pay the full cost of programs it mandates on county government.

Tax Delivered To Treasurer Coffers

More than $59.9 million was distributed to California cities and counties this past week in the January distribution of local sales and use tax funds, George R. Reilly, member, State Board of Equalization announced recentyy. The funds represent the second advance payment for the fourth quarter 1976.

The cities of the state received $38.8 million and the counties $6.4 million for a combined cities and counties distribution of $45.2 million. In addition, the counties received $11.3 million from the one quarter per cent local sales and use tax for the county local transportation fund.

The City of Sierra Madre reecived $5,000 as its share of the $45.2 million and the county of Los Angeles received $1,037,500, plus $4,031,250 from the one-quarter per cent county local transportation fund.

The Board of Equalization administers the six per cent sales and use tax (6½ per cent in BART and SCCT counties), 4¾ per cent of which goes to the state and 1¼ per cent to the cities and counties.

Cigarette Tax To SM Totals $1,350

State Controller Kenneth Cory announced the distribution of $4,572,167 to counties and cities as the January apportionment of cigarette tax.

Los Angeles County received $111,126, and Sierra Madre got $1,350. The 58 counties' share was $899,268 and the cities' share totaled $3,672,899.

This distribution represents 30 per cent of the revenue deposited in the Cigarette Tax Fund during the month of December, 1976, less the State's administrative costs of $27,027.

Dixie Tiller, Long Time Resident, Passes Away Sat.

Dixie E. Tiller, 72, of 125 N. Sunnyside, passed away Saturday, January 22, at his home.

A local active resident for many years, Dixie was born in Broken Arrow, Oklahoma, and came to Sierra Madre in the early 30's where he met and married Dorothy Sheridan. He is survived by his loving wife Dorothy, a daughter Mary and son David.

Dixie was referred to by some of his friends as the "Sage of Sunnyside" and was known for his keen interst in his fellowmen. He worked on programs for the underprivileged, was on the War Labor Board during World War II and was the founder and first presidernt of the Sierra Madre Little League Association.

The family has requested that any memorial expression be a contribution to the Sierra Madre Fire Department's Medical Unit.

Your Dollar Is BIGGER

at Home...

It's a statistical fact that about one-third of every Dollar we spend goes into the taxes and contributions that pay for community services and facilities ... IN THE COMMUNITY WHERE IT IS SPENT. When we run a Dollar through our own home trade channels, WE enjoy the benefits of better living and richer opportunities which a third of that dollar buys.

The dollar we spend somewhere else, pays for these advantages FOR SOMEBODY ELSE. Our money has bought the same things... but WE do not get ALL it has paid for... we have received LESS for it. And... since, obviously, we get MORE for a home-spent dollar, who can deny that your dollar is BIGGER at home?

It Pays to Buy Where You Live

CPR: When Seconds Count

CPR (CardioPulmonary Resuscitation should be added to the vocabularies of all County residents now that the Greater Los Angeles Affiliate of the American Heart Association has committed its volunteer workers and financial resources (your contributions) to training 20 per cent of the public in this basic cardiac life support procedure by 1982.

Their immediate goal is 25,000 trained by July 1 and another 100,000 trained by July 1, 1978.

CPR is a procedure that combines chest compression and mouth-to-mouth breathing. It is used during fibrillation (uncoordinated contractions of the heart muscle) of cardiac arrest (when the heart stops beating). Its purpose is to keep oxygenated blood flowing to the brain until appropriate medical treatment can be initiated. in Sierra Madre that means until the firemen/EMTs arrive on the scene.

In fact, the local Heart Association has been in the CPR picture since it began the training program more than 10 years ago. Medical personnel, firemen, police and sheriff's department employees, lifeguards, telephone linemen and even stewardesses with locally based airlines were trained. Four of Sierra Madre firemen were among the first in our area to be trained in this life support procedures under the direction of Dr. Herman at San Gabriel Hospital.

For the past five years, however, the Heart Association has limited its training to medical and paramedical personnel as instructors and instructor-trainees. Those affiliated with hospitals have returned to their own institutions and trained their own staffs.

Heart Association emphasis on training in advanced and basic cardiac life support for medical and paramedical professionals grew out of a 1973 agreement between the American Heart Association, the American Heart Association, the American National Red Cross, and the National Academy of Sciences-National Reserach Council that responsibility for training the lay public would be assumed by the ANRC. Locally, the Red Cross chapter advanced and basic training has been augmented by your local fire department and its Emergency Medical personnel. All training is done according to American Heart Association standards.

The Sierra Madre Fire Department continues to offer an abreviated course of four hours following the guidelines of what has become known as the "Seattle Plan." The course is completed in one evening, beginning at 6:30 p.m. and ending at 10:30 p.m. every other Thursday in the new Fire Facility training room. It is open to all persons of eighth grade and over age-wise, and makes use of the latest training aids.

Of the estimated 33,400 deaths each year from cardiovascular disease in Los Angeles County, 64.2 per cent or 21,443 are caused by heart attacks. More than one-half of those heart attack deaths occur before the victim gets to the hospital. The Heart Association is convinced that more than 5,000 of those heart attack deaths can be prevented if 20 per cent of the population is trained and declared competent in CPR. And so, they have re-entered the CPR training scene with what they consider to be an attainable goal.

We're glad they have. And you will be, too, the next time you witness a heart attack or other life threateneing emergency. You'll know that within the next five years, one of every five persons on hand can support life until the life support unit arrives on the scene. If you're as smart as we think you are, you'll be that one.

Call today and make a reservation to be in the next class being offered here in Sierra Madre or elsewhere.

Reduce Spending!

Supervisor Pete Schabarum has assailed Governor Brown's plan to limit property taxes levied by local governments.

Schabarum said, "the Governor should stop worrying about lowering the expectations of local governments and start worrying about lowering the cost of State government.

"In just two years, from 1974 to 1976, Governor Brown's State budget increased $3 billion. Within 1977-78, he wants to force feed an additional $1 billion down our throats. Unless the State imposes a spending limit on itself, along with local government, any tax limitation will be meaningless."

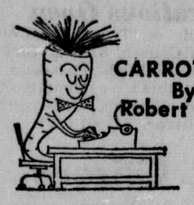

Schabarum reminded the Governor that over 85 per cent of Los Angeles County's budget comes from State or federally-mandated programs.

Schabarum reprimanded the Governor for hoarding money to build-up a State surplus at the expense of local property taxpayers. Last year the State failed to pay the County of Los Angeles over $35 million. Without that money, Los Angeles County had to raise the tax rate 14 cents per $100 assessed valuation.

To date, the State has not reimbursed the County of Los Angeles for State obligated expenses in the areas of Medi-Cal, fire protection, the Public Defender, Aid to Families with Dependent Children (AFDC), food stamps and the Homemaker Chore Program.

truth will appear.

Third, if one's conclusions are completely valid and based on the whole truth, they will withstand the onslaught of opposing arguments and emerge stronger than ever.

— CT —

Many, many good points are brought out at the Planning and City Council meetings, some of them are beside the point, and have personal relations, but on the whole it is this interest that truly makes for finer government and better representation of the people concerned. If you have never attended any of these meetings, it would be well worth your time.

— CT —

Americans have a ready solution for every problem which confronts us: Pass another law. We heap law upon law, and each new statute seems to dare us to defy it or find a way of evading it.

— CT —

We spend more money to pass laws, and more money to break the laws we pass, than any nation in the world. And we think that the only way to correct all this is to pass another law. The something that makes laws work is definitely missing.

— CT —

We have become so involved in legality that morality is forgotten. And the result is more and more laws in a vain effort to keep us from being inhuman to each other. This is not progress.

The alternative is obvious; a new concern for the moral laws which, if observed, would eliminate the need for much present-day legislation while permitting the remainder to be almost self-enforcing. This should be mankind's next moral advance.

The Supreme Court has now made it abundantly clear that, in an age when we are invited to look to Uncle Sam for everything from a safety pin for baby to an aspirin for grandma, we cannot look to government to teach us morality and religion. This task is squarely up to the churches, the homes, and we as individuals. The past, if we let it, can teach us the important lessons for our guidance into the future . . . and I think you can clearly see what I mean, by just looking around you.

— CT —

It seemed that only yesterday morning we were pounding the counter and trying to think about presents for Christmas, and now this morning we are in the throws of thinking about Valentines Day . . . where, oh where did January go . . . we will be back to Christmas almost before you know it . . . in fact the way I figure it we only have 292 shopping day left before Christmas . . . . How time flys at this age.

— CT —

This little story could happen anywhere: A Chinese man - servant proudly showed his employer pictures just received from China of an attractive Chinese girl and two babies . . . His wife and two sons, he boasted.

— CT —

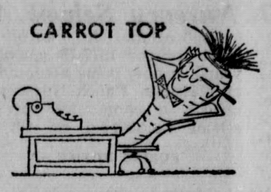

"Are you kidding?" said the puzzled employer. "You've been in this country for the last ten years.'" "Yes, yes, me know," explained the Oriental, "But me got velly good fliend in China."

— CT —

What gets me more than anything in the world is the fact that some forty years ago when people worked 16 hours a day they were called "slaves" . . . today people who work 14 to 16 hours a day are called "Moonlighters" . . . Strange word isn't it???

— CT —

There are almost as many people in this country with two jobs as there are those without any job whatsoever.

At a glance this might seem to be a ready answer to our unemployment problem, but even if all the moonlighters gave up their second job this would not necessarily be any significant help to the four million unemployed.

— CT —

Experts say that, in general multiple job holders are not depriving others of employment opportunities, because few of the jobless could or would take the secondary spots, even though they had the chance.

— CT —

In the first place, many moonlighters work at second jobs they created themselves. Also, unemployed persons primarily are looking for full-time jobs, and the average time spent on a second job is only about 13 hours a week.

— CT —

Now that the great April 15 is only 3-months away the loan-and-groan, borrow-and-sorrow struggle is going to be terrific. American Taxpayers will be licking their fiscal wounds and wondering what hit them. More and more it looks as if politics hit them.

The much heralded tax cut of last year and this year plus the promised rebate in our opinion was a plastic carrot held in front of the

Gasoline Use Is Going Up, Up

A new record for November gasoline consumption was established by California drivers during that month.

George R. Reilly, member, State Board of Equalization, announced that motorists' fuel consumption in November was 5.9 per cent greater than for November 1975, and a hefty 9.7 per cent more than in November 1974. However, gallonage declined by 2.1 per cent from the preceding month of October, a customary seasonal decline for that month.

The gasoline distribution data show taxable sales by distributors to retail outlets, brokers, and certain other distributors. Refiners, importers, and wholesale distributors pay 7-cents-per-gallon tax on their distributions to retailers. The State Board of Equalization administers the state fuel tax.

Reilly said that California's November revenue from that tax was $61.4 million, up $3.4 million from November 1975, but down $1.3 million from October.

Sabbath Eve worship at Shaarei Tikvah, Foothill Jewish Temple - Center, 550 South Second Avenue, Arcadia, will begin at 8:15 p.m. on Friday, January 28. Dr. Joseph Hirsch, Rabbi, wil speak on the subject, "Why Pray." Cantor Fred Obrycki will chant the liturgy. The children of the 5-6 grades will participate in a special presentation at the service.

Set your thermostat at 68° instead of 72° and save! If you're in the habit of keeping your thermostat at 72°, you're wasting money.

Because with a slight flick of the wrist to the left, you can move the needle to 68°. And move your heating costs about 28% lower.

There are other ways to lower heating costs, too.

Properly insulate your attic. With proper insulation you can reduce heating costs substantially. You'll also save on air conditioning costs. Based on today's prices, properly insulating an attic in a typical house runs between $200 and $300.

And what better place to invest your money than in your own home? It's a sensible long-term investment. So call an insulation contractor.

Some more ways to lower heating costs and save energy. Lower your heat setting or turn it off when you're away from home. However, in areas where freezing may occur, a 40° thermostat setting is advisable.

Weather-strip your doors and windows. Close your draperies and curtains to keep heat in. Keep the fireplace damper closed as well as vents in rooms not being used. Make sure your filters are clean. Maybe they even need replacing.

Dirty return-air grilles and warm air ducts can cost you, too. And if you have electric radiant heating it will be worth your while when you are home to turn off thermostats in rooms not being used.

For a free conservation booklet on other ways to save energy, write "Conservation," Edison, P.O. Box 800, Rosemead, CA 91770.

Short Area Happenings

Robert Dean Knoll, M.D., has been elected Chief of Staff of the Medical Staff of the Methodist Hospital of Southern California for 1977.

In an attempt to help alleviate the current acute shortage of blood, Methodist Hospital, in company with other hospitals in Southern California, is offering an opportunity for blood donations from 7 until 9 p.m. on Wednesdays in the Outpatient Recovery Area of the hospital. This service is in addition to the hospital's Red Cross Satellite Donor Center, which operates from 2 until 6 p.m. every Monday in classroom No. 1. For appointments or additional information, contact the hospital lab, 445-4441, extension 391 or community relations, extension 304.

The Arcadia Children's Chorale, sponsored by the Arcadia Recreation Department, is designed to teach children, ages 5-12 years of age, the basics of singing. The children will practice group singing accompanied by guitar or piano. They will also learn to use rhythm instruments, so they can accompany themselves. For further information, call 446-4471, Ext. 28.

Discover the inside story on the automobile insurance business and be ready for employment after only one semester by taking Insurance 118 in the business department at Paesadena City College. Registration is now open and class begins February 8. Offered Tuesdays and Thursdays from 6-9 p.m. For further information, call PCC's business department at 578-7341 or the counseling center at 578-7251.

A panel of tax experts will explain provisions of the 1976 Tax Reform Act and their effect on the individual taxpayers in a special seminar sponsored by the Los Angeles Area Chamber of Commerce on Friday, February 11. The nontechnical "Individual Income Tax Seminar," will run from 8:45 a.m. to 1:30 p.m. at the Chamber building, 404 S. Bixel St., Los Angeles. Cost is $20 for Chamber members and $25 for nonmembers, including lunch. The seminar is open to the public.

The third annual Emergency Preparedness Seminar will be held February 9 in Montebello where multi-agency plans and programs to meet victims' needs before, during, and after major emergencies and disasters such as fires, floods, and earthquakes will be discussed.

Letter To the Editor

Dear Editor:

As the United Way Campaign winds down, I want to take this opportunity to personally thank you for the generous editorial support you have provided.

United Way is this community's largest fund-raising appeal. Each year one-third of the seven million residents who call Los Angeles County home are helped by United Way agencies and Red Cross chapter services.

The continued support and community concern you have demonstrated throughout this campaign help residents within your readership area learn about available health and welfare services and help the United Way Campaign raise necessary funding for the maintenance and expansion of vital programs.

Your concern serves as a positive example for all residents. Thank you for caring.

Thanks to you, the United Way Campaign works for all of us.

— J. R. Fluor

Under the direction of Roger Wagner the Los Angeles Master Chorale will perform an a cappella concert of contemporary and antiphonal Renaissance music at the Dorothy Chandler Pavilion Saturday, January 29, at 8:30 p.m. Information may be obained by calling the Music Center or 972-7282.

The second public meeting on the initial development of a long-range plan for present and future senior citizens in California will be in Palm Springs on Tuesday, January 25, by the California Department of Aging. It will start at 10 a.m. in the Sunrise Plaza Pavilion (S. Sunrise Way off Ramon Road) of the desert city.

Supervisor Calls For Halt In Use of Dangerus Drugs

A review of why California is losing the war against drug abuse has been called for by Supervisor Kenneth drug abusers in California and between 110,000 and 120,00 of them are addicted to heroin," Hahn said.

"Their habits require 15 tons of heroin a year.

"From these statistics, it can be estimated there are 40,000 to 50,000 heroin drug

"There are one million addicts in Los Angeles County."

Hahn cited the figures from a report issued by Attorney General Evelle J. Younger.

To support drug habits, more than 525,600 crimes were committed in California during 1975.

At Hahn's request, the Board of Supervisors directed the County Narcotics and Dangerous Drugs and Delinquency and Crime Commissions to review the report of the aitorney general and to work with the entire justice system — courts, law enforcement, probation and schools — toward developing "hard-hitting enforcement and prevention programs to combat drug abuse.

"It is obvious drug abuse has become the cause of most crime in California with burglaries, robberies and even murders being committed," Hahn said.

"Some type of new approach is needed."

Hahn noted the two county commissions have as members some of the most prominent citizens in Los Angeles County and expressed hope they may be able to find solutions to the critical drug abuse problem.

Family Planning Meets Jan. 21 - 31

Natural Family Planning Center at Cedars-Sinai Medical Center is teaching a new form of birth control (through fertility awareness) to interested couples in the Los Angeles area.

The method uses no drugs and no devices so it is completely safe. Yet, it is also absolutely unlike the "rhythm method." Thanks to HEW sponsorship it's being taught without cost to particpaing couples.

If you wish to learn more about this unique method please attend one of the orientation meetings offered. They will be held throughout the Los Angeles area on January 21 and 31. For further other details please call 855-3781.

A new law, which will become effective 30 days after its passage carries a penalty of $500 or by imprisonment in the City or County jail for a period of six months upon conviction. The new law is the removal of receptacles such as garbage and trash cans from the parkway within a 24-hour period after collection.

The Del Comer family went up to their house at Big Bear Springs over the New Year's weekend. They took along a sled, splashed around in the snow, made and threw snowballs. Then when they retured home, they all plunked down to share Del's prized Christmas gift a color TV, so they could watch the parade.

The lumber business has always been secondary to the contracting work at Griffin. Three years ago, Ron, Carl's eldest son, took over as general manager. Under Ron's management, the inventory has been enlarged and the scope of building supply services expanded.

With but one letter of objection, the Sierra Madre Planning Commission voted a Conditional Use Permit to Glen L. Owens, for a family billiard room to be located at 37 W. Sierra Madre Blvd., in a building formerly occupied by Richley of California, manufacturers of neckties.

Probably the one and only thing which might make Bob Evans miss being down here at 5 a.m. would be the chance to see his first grandchild, a tiny girl (5 lb. 14 ounces), 19 inches long, named Kimberly Kay, born to Sharon Ann and Richard Helzer in Portland, Oregon.

When Gordon Baker Lloyd was last up north, battling that blanket of fog he popped in to say "Hi" to the Bert Embrees at Morgan Hill, reports that they are happy and busy, have bought a house, are looking forward to having the children join them as semester's end.

Mr. and Mrs. Kenneth Bush of 633 W. Sierra Madre do keep busy. They had a trip to San Francisco between the holidays and then spent New Year's with their daughter Dody, now Mrs. Paul Crary, Jr., at San Jose.

Banking insiders say that the April personal loan business, stimulated by the under-withholding of 1976 income taxes, will smash all previous records in the industry.

— CT —

But there is one ray of light in all this Taxes, Taxes, Taxes; and what's left of value. Remember during depression days when scientists told us the total value of the human body, chemically speaking, was about 98 cents? Just the other day a national chemical company's stockholders were told that the body chemicals today are worth about $12000 . . . Wow! . . . . Maybe it is time that I sell off a few pounds of what I am carrying around, before the price drops.

— CT —

Here's rather a crude story, but one that is not beyond the realm of reality . . . A naughty little girl was put in a clothes closet for punishment. For 15 minutes there wasn't a sound. finally the stern, but anxious mother opened the door and peered inside . . . "What are you doing in there?" she asked.

— CT —

From the darkness came the emphatic answer. "I'm thpittin' on your new hat. I'm thpittin' on your new dreth, I'm thpittin' on your new thatin slippers and — and — and.' There was a breathless pause.

— CT —

"And what?" cried the mother . . . Came the voice of vengetnce. "Now 'm waitin' for more thpit!" . . . It could have happened at my house.

So, we will end up the column this week with the following bit of unsaid advice — — "I was in Los Angeles the other day with my daughter Candace, and were riding in an over-crowded elevator. Suddenly the woman in front of me turned around and slapped me, and left in a huff; whereupon Candace remarked . . .

— CT —

"I didn't like her either, Daddy. She stepped on my toe so I pinched her." 'Nuff said.

Since the hour is now late, and four in the morning comes fairly early, I will close up this column with the following remark: 'History dictates the conclusion that the safest way to save our lives from the world's communist threat is TO FIGHT IT!" and I do hope, I hope, I hope.

Letters To The Editor

Dear Editor:

Each time I monitor the pick-up of our news releases I vow to sit down and write this note of appreciation to your paper. I suppose the proverbial new year resolve to stop procrastinating finally pushed me to the typewriter.

So officially, on behalf of the College, I want to thank you for continuing to value and support Scripps events and activities. Based on the responses we receive in this office, our mutual efforts have been equally appreciated by the community.

A belated, but sincere thank you.

Legal NOTICE

DOES YOUR FICTITIOUS NAME STATEMENT EXPIRE IN 1977?

A New Law

All Fictitious Business Name Statements filed or refiled during the year 1972 will expire on December 31, 1977. If you filed your statement during 1972, California law requires you to prepare a new statement and file it with the County Clerk before December 31, 1977. If the information in your new statement is different from the information which was in your 1972 statement, the law also requires that the new statement be published in a legally qualified newspaper. **The law provides that "the newspaper selected for the publication of the statement should be one that circulates in the area where the business is to be conducted."** (Sec. 17917 — Business and Professions Code)

Free Help From Your Newspaper

As a service to local businesses, this newspaper will make available at no charge, all necessary forms for refiling and we will refile your 1977 statement with the County Clerk, also at no charge. Bring a copy of your 1972 Fictitious Business Name Statement to our office. Our public notice department will assist you in completing the new form and will forward it to the County Clerk via our representative in the Los Angeles Civic Center. If you have misplaced your 1972 statement, we will arrange for a search of the County Clerk's file to extract information which must be transferred to the 1977 form and to determine whether republication will be necessary.

The Cost

The County Clerk's statutory refiling fee is $10.00. If publication is necessary, our advertising charge is $25.00. If there is no publication, your cost is only $10.00. If you want us to handle filing for you, please bring us your $10.00 check made payable to "Los Angeles County Clerk." Our forms and filing services are free, as explained above. If the records need to be searched there is a $2.00 charge.

Out of the Cobwebs of Our Files

Thirty Years Ago:
January 23, 1947

Congratulations are due to Thomas W. Neale whose office has completed 20 years of service in our community. Mr. Neale's courteous, conscientious manner in the past years of handling insurance, real estate and notary work has made friends and clients to no small number.

Thanks to the honesty of three small boys who found a billfold containing a large sum of money, a visitor to Sierra Madre is very happy. The boys, all six years of age, were Dennis Wilson of 33 North Mountain Trail Ave., Danny Armstrong of 57 Lowell Ave., and Carrol B. Goddard of 71 Suffolk Ave. Discovering the billfold as they crossed Kersting Court, they took it to the City Hall and turned it over to Chief of Police Gordon McMillan. The purse contained a large sum of currency, and the identification therein showed it to be the propery of Miss Anne Gold of Erie, Pa. A phone call came to the Sierra Madre Police Department from Erie, and the loser quickly identified the billfold, accurately describing the contents, and giving instruction for paying a reward to the boys who found it.

Tom Henze, son of Mr. and Mrs. Carl H. Henze, 91 East Laurel Ave., celebrated his 14th birthday anniversary with a group of friends at a dinner and show on January 15.

Shirlee Peterson celebrated her 13th birthday anniversary Saturday with a dance, complete with cake and candles, at the home of her parents, Mr. and Mrs. S. E. Peterson at 50 E. Alegria Ave. Guests were Sally O'Donnell, Margot Woodworth, Patricia Gerritson, Beverly Stunden, Shirley Montgomery, Marilyn Iffrig, Sue Marmion, Tom Henze, Edwin Jacobson, Neil and Gene Maloney, Chan Wilcox, Victor Morgan, Jim Peterson and Miss Shirlee's brother, Warren Peterson.

Mr. and Mrs. Frederick Ross, 610 Woodland Drive, are the parents of a baby girl, Linda Lou, born January 15, at St. Luke's Hospital. The couple have another child, Frederick, Jr., two and a half years old.

A "TC" at Lima and Highland. Cars damaged . . . . Here's another coin purse found, containing money . . . Dog chases man . . . Two lanterns stolen . . . Loose cow in the road. They're always in the road if they're loose . . . A runaway trailer loaded with heavy material knocked down and broke an elderly lady's leg . . . Stray dog taken to the pound . . A tree limb down, due to the recent strong wind . . Boy bitten by dog . . . Runaway girls are soon returned home after a short travel from town . . . An auto smoking. A burning cigarette on the seat . . . . An open fire hydrant . . . Boys missing . . . Missing man . . . Taking dirt by the truck load from private property is not exactly according to custom, and it might not meet with the law . . . . Children playing in a new house. Bad. Might get hurt at least. The damage they can do is sometimes surprising . . . Father and son have difficulty . . . . Boys throwing stones . . . Missing boys found . . . . Man still missing . . . A skunk near the Pritchard home calls for the cops. Hi Embree to the rescue . . . A woman yelling for help was not a police matter, according to Officer Jack Rutledge. Could it be our weekly "drunk" causing the problem?
